HALSWICK, Dr. Gustav, born 1 March 1902 in KOELN

1. Reference is made to my memo of 24 September 1954, file Bv-54-2155, Subject: HALSWICK, (Dr.(fnu)), which informed you of a report that a Dr. (fnu) HALSWICK is employed by the BfV as a "freie Mitarbeiter" in charge of a covert section within the BfV's Department (Abteilung) II known as "Referat Grenzlaender West (Section Border Lands West)."

2. A check of records of the Berlin Document Center which was requested by this office has succeeded in establishing the fact that SUBJECT is probably identical with that Dr. (fnu) HALSWICK previously reported upon. I am attaching hereto, for your information and retention, two photostatic copies of a BDC report on SUBJECT. This BDC report indicates that SUBJECT was a former German criminal police official who became an SS Sturmabfuhrer and who served as commander of the "Sicherheits-polizei" and "SD" in PARIS, France during WW II.

3. Photostatic copies of BDC records on SUBJECT have been obtained and are presently being translated by this office. When translations have been completed, they will be forwarded to your Headquarters.
